## Participation of Handicapped Athletes

The world's best handicapped sportsmen took part for the first time in a competition which formed part of the official Olympic programme during the XIVth Olympic Games.

Twenty nine athletes from ten countries, selected at the Illrd Winter Games in Innsbruck last January competed on the women's giant slalom competition slopes, grouped into four categories: no arms, one arm, one leg, one leg amputated above the knee.

H.E. Mr. Juan Antonio Samaranch, IOC President, Mr. Branko Mikulic, President of the Sarajevo OCOG and Mr. Marc Hodler M.A., President of the International Ski Federation, attended the four series of descents, the results of which are listed below.
